

Tummy Tuck (Abdominoplasty)

About The Procedure

Weight loss can leave behind large amounts of excess skin. When it hangs below the belt line, this excess skin and associated fat are referred to as the panniculus or the abdominal apron. It can interfere with hygiene, put stress on the back, and make it hard to find clothes that fit. The remedy for this kind of excess skin is a surgical procedure called an abdominoplasty, also known as a tummy tuck.

When considering a tummy tuck, it is important to know that the surgeon who will carry out your surgery has the experience and focus to deliver the quality you want. It is also important to know what you are paying for.

Allevion offers a comprehensive tummy tuck surgery package that takes into account the experience and focus of the surgeon. Our surgeons are superbly trained. All specialize in tummy tuck surgery and are absolutely committed to service.
